EDUCATION

Bachelor of Technology (B.Tech) in Computer Science & Engineering

Quantum University, Roorkee, Uttarakhand
Aug 2023 – Present

Class XII –
RIC Haddipur Grant, Roorkee, Uttarakhand
2021-2023

TECHNICAL SKILLS

Languages: Java, C++, JavaScript, SQL, HTML5, CSS3
Frontend: React.js, Tailwind CSS, Responsive Web Design
Backend & Security: Spring Boot, RESTful APIs, Spring Security, JWT Authentication
Technologies: Microservices, Hibernate, Apache Kafka, Docker
Databases: MySQL, MongoDB, Jakarta Persistence API (JPA)
Tools & Platforms: Git, GitHub, GitHub Actions (CI/CD), Postman, VS Code, Vercel
Core Concepts: Data Structures & Algorithms, Object-Oriented Design, DBMS, Operating Systems

PROJECTS

BookMyShow Clone | Java, Spring Boot, React Spring Security, MySQL, JPA

- Developed a full-stack movie ticket booking web application using Spring Boot, MySQL, and React, enabling seamless movie browsing, seat selection, and booking management.
- Designed and implemented RESTful APIs for user authentication, movie catalog management, show scheduling, and ticket reservations.
- Secured the platform with Spring Security and JPA, implementing role-based access control and optimized database queries.

WORK EXPERIENCE

Full Stack Java Development Intern (EdiGlobe) | Remote
May 2026 – July 2026

- Built a full-stack web app (Spring Boot, React, MySQL) for faculty/admin to manage a question bank and auto-generate randomized question papers by subject, difficulty, and marks criteria.
- Implemented JWT authentication with role-based authorization (Admin/Faculty) using Spring Security, and RESTful APIs with Spring Data JPA/Hibernate.
- Automated PDF/Word export and bulk question import (Excel) using iText and Apache POI.

Full-Stack Development | Jan 2025 – Present

- Hands-on development with Java, Spring Boot, React.js, RESTful APIs, and MySQL.
- Tested and validated REST APIs using Postman, including authentication and error handling.
- Worked with Spring Security, JWT, JPA/Hibernate, Git, and GitHub.

CERTIFICATIONS & TRAININGS

DSA in Java– ApnaCollege
Java Full Stack - CodeForSuccess
Web Development (MERN)– ApnaCollege
Summer Internship Certificate - Quantum University Roorkee, India.

ACHIEVEMENTS & CERTIFICATIONS

- Solved 100+ DSA problems on LeetCode across Easy and Medium difficulty, covering Arrays, Strings, Hash Maps, and Linked Lists.
- Completed a Summer Internship in Competitive Coding Skills at Quantum University, Roorkee
